LEGAL NOTICES

January 20, 2022 The Weekly Newspapers

January 22, 2022 CRS Activity 510 Floodplain Management Planning ANNUAL PROGRESS REPORT The City of Key Colony Beach is a ½ square mile 285 Acre oceanfront residential island which takes floodplain management very seriously. Damage reduction activities are a major priority. Our city is part of the Monroe County and Incorporated Municipalities Local Mitigation Strategy Group and has been since its inception in the 1990's and attended by myself during the last year as new CRS coordinator. This evaluation report was prepared by the City's Building Official/CRS Coordinator who works together with the Mayor/City Administrator on all city projects, daily operation of the city and all legal issues. This document will be printed under legal notices in the Marathon Weekly newspaper in the 1st available issue and posted on City Hall and Post Office bulletin boards. After printed legal notice has been published, the document will then be submitted and reviewed by the City Commission at their next available scheduled meeting. The public/reader may obtain copies of this annual report and original LMS documents at city hall during regular working hours. There are seven damage reduction activities listed in the LMS 2010 Revision for the City of Key Colony Beach under Section 10.4 on page 10-10. This section of the report will briefly address each for the year July 1st 2016 through December 31, 2019. 1. The Comprehensive Plan objectives and policies have been followed and the city has granted NO land use amendments that would increase the land use density and intensity that would have further burdened the countywide hurricane evacuation plan. 2. There were NO City expenditures for infrastructure in the V-zone that would encourage increased private development. 3. The City of Key Colony Beach Disaster Preparedness Committee, composed of residents and City representatives, coordinates with the County on emergency management activities such as planning, response, recovery, and mitigation. It provides its own public information program, disaster command center, and emergency supplies. We had a countywide hurricane drill and monthly Hurricane Preparedness Meetings. 4. Post-disaster redevelopment is addressed in the Coastal Management Element of the Comprehensive Plan, recognizing that redevelopment may require greater building setbacks and elevations, and installation of dunes rather than seawalls. There was no post-disaster redevelopment to date. 5. The Building Code requires buildings to be designed to withstand the forces of 180 mph winds (assumed in any direction and without regard to the effects of shielding of other structures). In addition all new construction, additions and alterations require: a. double hurricane straps over top member of each roof truss end b. new ¾" CDX Plywood roof sheathing minimum c. 75% of all exterior walls must be reinforced concrete and reinforced masonry This year these rules and others were enforced and verified on 360 building permits including 4 new duplex and 18 new single family homes. 6. Post disaster assessments are required by the Building Department to determine whether demolition versus

LEGAL NOTICES

repairs are appropriate given the level of damage; buildings damaged more than 50% must be rebuilt to current codes. Assessments following Irma are currently underway. 7. The Land Development Code requires that all existing mangroves be maintained to state requirements; use of seawalls is restricted and new oceanfront development shall include dune planting plans. Mangroves have been trimmed, no new seawalls have been installed and there was no new oceanfront development. All objectives have been improved upon and further mitigation will be accomplished when funding is available for our small city. Grants are constantly sought. Recent Projects: 1. The City has constructed a new reinforced concrete causeway bridge to improve its ability to withstand storm surge. 2. The City has its own sewage collection and treatment system, which is operated by the Wastewater Treatment Plant Operator. The sewage treatment plant is subject to storm surge flooding but has been recently retrofitted and capable of operating at 2018 requirements. A generating system has been added for emergency operation and 30% of our effluent is converted to potable irrigation through our reverse osmosis and storage system. All lift stations and lines are continually being retrofitted and monitored for infiltration. 3. The entire City Hall/Post Office complex has been retrofitted and flood proofed to current requirements. 4. Several properties were purchased by the City and converted to open space and in July 2013 one City building was demolished and converted to parking and a park. 5. The City's master storm water control project includes swales, retention ponds, and deep injection wells which were designed, installed and monitored by the South Florida Water Management District, FL Department of Environmental Protection, and the U. S. Environmental Protection Agency. As of this date, the citywide project is approximately 80% complete. The City recently completed phase VI on West Ocean Drive. 6. The City is currently having plans drawn up for the 100% completion of our storm water project. 7. A new reverse osmosis system and building (\$1,100,000.00) was completed in 2015 converting treated wastewater into city park irrigation water. (50,000 gallons daily) 8. The entire ¾ mile of our main entry road, Sadowski Causeway, had all of its utilities transferred from overhead to underground and has been resurfaced. 9. The wastewater treatment plant is currently being upgraded to future treatment requirements at a cost of over five million dollars. 10. The wastewater treatment plant is installing a new UV system to bring effluent matter to standards. Future projects include the 100% completion of our storm water project, wastewater improvements, additional reverse osmosis irrigation, building mitigation and the purchase of additional open space when available. Please do not hesitate to contact this office if any questions should arise. Sincerely, Gerard Roussin CRS Coordinator/Building Official DBPR: BU1992 Publish: January 20, 2022 The Weekly Newspapers

IN ADMIRALTY
CASE NO.: 4:21-cv-10110
IN THE MATTER OF:
THE COMPLAINT OF KEY
WEST JETSKI, INC. AS OWNER
OF THE YAMAHA PERSONAL
WATERCRAFT (HULL ID#
YAMA0773A121) ITS ENGINES,
TACKLE, APPURTENANCES,
EQUIPMENT, ETC. IN A CAUSE
FOR EXONTERATION FROM OR
LIMITATION OF LIABILITY,
Petitioner.
MONITION
TO THE PRESIDENT OF THE
UNITED STATES OF AMERICA:
THE MARSHALL OF THE UNITED
STATES OF AMERICA FOR THE
UNITED STATES DISTRICT COURT
FOR THE MIDDLE DISTRICT OF
FLORIDA:

WHEREAS, a Complaint was
filed in the United States
District Court for the Southern
District of Florida, on the 15th
day of November, 2021 by the
Petitioners, KEY WEST JETSKI,
INC., as owners of a Yamaha
Pleasure Watercraft bearing
the Hull Identification Number
YAMA0773A121, have filed a
Complaint pursuant to Title 46,
United States Code, Sections
30501-30502, claiming the
right to Exonerate From or
Limitation of Liability for all
claims allegedly resulting from
an accident which occurred on
or about June 5, 2021 in the
navigable waterways of Key
West, Florida, as more fully set
forth in the Complaint. For those
reasons and causes set forth in
the Complaint, Petitioners pray
for the issuance of a Monition
and Injunction, and that all
persons or corporations claiming
for any and all loss, damage,
injury or destruction caused by
or resulting from the incident
set forth in the Complaint be
cited to appear and file their
respective claims with the Clerk
of this Court, and to make due
process thereof and citing
them to file their answers to the
Complaint and all proceedings
to be had, and if it shall appear
that Petitioner is not liable for
any loss, damage, destruction
or injury, it may be so finally
decreed by this Court;
YOU ARE THEREFORE
COMMANDED TO CITE ALL
PERSONS OR CORPORATIONS
in respect to which Petitioner
seeks limitation to file respective
claims with the Clerk of this
Court and to serve on or to mail
to the attorneys for Petitioners,
Campbell Johnston Clark, LLP,
2600 Douglas Road, Suite 508,
Coral Gables, FL 33134, copies
thereof on or before the 15th
day of February 2022, and citing
such claimants to appear and
answer the Complaint herein
on or before the last named day
or within such further time as
the Court may grant, and once
completed to then make return
to the Court together with this
Writ.

Dated at Fort Lauderdale, Florida
on this 11th day of January, 2022.
